At Emergent, our mission is to **protect and save lives.**

At Emergent, we help prepare for today's health challenges and tomorrow's threats. For over 25 years, we've been at work preparing those entrusted with protecting public health. We deliver protective and life-saving options for health threats like smallpox, mpox, botulism, Ebola, anthrax, and opioid overdose emergencies.

PRODUCT PORTFOLIO ¹

GOVERNMENT/MEDICAL COUNTERMEASURES

Safe Harbor Statement

This document includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, without limitation, our future goals and growth strategy, total contract value, the timing and results of clinical trials, development-stage programs and regulatory approvals, the intended results of our platforms and technologies, the timing of future deliverables, expansion into new global markets, and any other statements containing the words "will," "believes," "expects," "anticipates," "intends" "plans," "targets," "forecasts," "estimates" and similar expressions. These forward-looking statements are based on our current intentions, beliefs and expectations regarding future events. We cannot guarantee that any forward-looking statement will be accurate. Investors should realize that if underlying assumptions prove inaccurate or unknown risks or uncertainties materialize, actual results could differ materially from our expectations. Investors are, therefore, cautioned not to place undue reliance on any forward-looking statement. Any forward-looking statement speaks only as of the date of publication, and, except as required by law, we do not undertake to update any forward-looking statement to reflect new information. There are a number of important factors that could cause the Company's actual results to differ materially from those indicated by such forward-looking statements. Investors should consider this cautionary language as well as the information identified under the headings "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our periodic reports filed with the Securities and Exchange Commission when evaluating our forward-looking statements.
